October's meeting

On Wednesday, October 11, the venue for the evening was close to the regular room, but dramatically different! This night, we left the comforts of the music room at Beal Secondary to venture onto the stage in the Beal Auditorium.

And what a stage it is!! Seating hundreds of people, and with access to the stage lighting and sound systems that let members show off their stage effects in style. Mike Fisher even brought a sound system for playing music (thanks, Mike!)

Joan Caesar (our IBM TVP, and International President Elect!) lead off the meeting by making a pitch for the combined IBM/SAM convention in July 2008 in Louisville, Kentucky. She also had special Lifetime Achievement Awards for Lorne Overholt and Max Scott for their dedication and contributions to the Art of Magic. Congratulations, Lorne and Max!

Mark Hogan started the stage magic with Larry Becker's Clearly Predictable, where three predictions are given to a spectator days before the show and all shown to be true!

Max Scott was close behind with his Chinese Laundry (Torn and Restored laundry ticket). He brought Joan and

his lovely wife Edna on stage and gave them each two coloured handkerchiefs, which happened to tie and untie themselves, then turn into one, four-colour large hanky!

You can't keep Andy Parr off the stage – not when he can demonstrate his Magic Square, as well as a great stage effect where a spectator randomly chooses a puzzle piece which matches the only puzzle piece missing from another completed puzzle!

Next, Mike Fisher launched into a terrific new opening act for his show – a terrific parasol routine, complete with music from his sound system. Mike had parasols, canes, hankies and streamers – all packed into a wonderful routine.

It was time for a guest to perform their initiation for the club, and Matthew Kim blew everyone away with an outstanding Jeff McBride-style card manipulation routine that was brilliant. Welcome to the club, Matthew!

Next Meeting:
Wed. November 8, 7:00 pm
Beal Secondary School,
Room 225
525 Dundas St., London

Topic: Comedy magic!

Andy Parr was back with his famous Survivor routine where he predicts the outcome of the Survivor castoffs made by the audience! And Mike brought up Joan and Peter Mennie to perform a "duet" of the Torn and Restored Newspaper!

It was an exciting night for everyone. Here's hoping that wasn't the last night under the lights of the big stage!

Volunteers needed for Thames Valley Children's Centre "All Stars Event"

The Thames Valley Center has once again requested the services of the members of the London Magicians Guild to entertain at "All Stars Event" on Monday, January 15. Similar to last year, we would perform walkaround magic for the kids for a couple hours in the morning. The Thames Valley Centre said we were the highlight of last year's event, and they are hoping we will do it again.

We are asking for volunteers to ensure there is sufficient interest. Last year we had eight performers! – Let's try to beat the figure!

Jonathan Pendragon recovering from accident

Jonathan Pendragon has recently been discharged from hospital following an accident involving an arrow from his archery. He fell on the non-sharp broken end of the arrow while trying to hang a light fixture. The arrow pierced through his stomach, liver, an artery and several inches in his heart.

His surgeon, Dr. Edwin Hayashi said this injury is always fatal and it is a miracle Jonathan is alive.

Canada tops in average mark at FISM

The three acts performed at this year's FISM world championship earned Canada first place overall. Shawn Farquhar and Shawn Richards average score of 78 was first out of the 28 countries competing!
